

System Test Table

Test ID	Requirement ID	Test Scenario	Input/Steps	Expected Result	Actual Result	Pass/Fail	Evidence
1	US1	A student who has registered AI usage views statistics and compliance status in the dashboard.	1. Log in as a student. 2. Register AI usage. 3. Go to the dashboard.	There are statistics and compliance status which reflect the registered AI usage.	There are statistics and compliance status which reflect the registered AI usage.	Pass	Figure 1
2	US2	A student who has registered AI usage looks at the usage trend graph.	1. Log in as a student. 2. Register AI usage. 3. Go to the dashboard.	The graphs in the dashboard show AI usage over time.	The graphs in the dashboard show AI usage over time.	Pass	Figure 2
3	US3	A student think some categories are missing from the AI usage form and wants to give this feedback	1. Log in as a student. 2. Go to the feedback page. 3. Fill out the form. 4. Submit	The feedback is successfully submitted.	The feedback is successfully submitted.	Pass	Figure 3
4	US4	As an administrator, I want to update and manage AI ethics policies so that compliance can be evaluated and students can learn responsible AI use.	1. Log in as a admin. 2. Go to the admin panel. 3. Press on the "change" button for AI ethics polices 4. Press on the policies wanting to	The Policy is successfully changed based on what was edited	The Policy i successfully changed based on what was edited	Pass	Figure 4

			change				
			5. Submit when done				
5	US5	As a User i want to login such that i have access to my own AI usage statistics	1. Log in as a student. 2. Look at usage history.	I can see my own history of AI usage	I can see my own history of AI usage	Pass	Figure 5
6	US6	As a user, I want the application to provide insights about my AI usage so that I can reflect on and adjust my behavior.	1. Log in 2. Use the application 3. Go to innsigts 4. Look at the insights given	I can see personalized insights that may help my AI usage behavior	I can see personalized insights that may help my AI usage behavior	Pass	Figure 6
7	US7	As a user, I want the application to be easy to use so that I can quickly and efficiently complete common tasks.	1. Register AI usage 2. View dashboard 3. Submit feedback	The user can finish the tasks within 1 minute	The user can finish the tasks within 1 minute	Pass	Figure 7, 8 and 9
8	US8	As an instructor, I want the application to comply with GDPR requirements so that it can be safely used in educational courses.	1. Attempt to: -View stored personal data -Delete or modify data 2. Verify that no unnecessary personal data is stored	I as a user can view, edit and delete personal data and nothing of my personal data is unnecessarily stored.	I as a user can view, edit and delete personal data and nothing of my personal data is unnecessarily stored.	Pass	Figure 10

Log Usage

Why Log AI Usage?

- Track your learning progress and AI tool dependency
- Maintain compliance with institutional AI ethics policies
- Receive personalized insights and recommendations
- Reflect on your AI usage patterns and improve learning outcomes

The "My Profile" page is divided into several sections. The "Profile Information" section includes fields for Username (Daniel), Email (Email@email.no), Student ID (Your student ID), and Department (e.g., Computer Science). The "Privacy & Preferences" section contains checkboxes for: "I consent to data collection for usage tracking" (unchecked), "Allow usage analytics" (checked), "Receive email notifications" (checked), and "Receive weekly usage summary" (checked). The "Usage Summary" section shows "Total AI Interactions: 0" and "This Week: 0". The "Account Information" section displays "Member since: April 02, 2026" and "Profile created: April 02, 2026". The "GDPR Compliance" section lists data rights: "Right to access your data", "Right to export your data", "Right to request deletion", and "Right to withdraw consent". Buttons for "Cancel" and "Save Changes" are at the bottom left, and "Export My Data" buttons are at the top right and bottom right.
